"SUPERIOR BRAND" MANUSCRIPT PAPER

"The Popular Priced Paper that is Offset Printed"

"A KISS BUT NOT A HUG"--

—the printer's description of fine lithographing. That sharpness of line and cleanness of imprint is produced by the perfect "kiss" of offset printing. Other medium priced manuscript papers are "direct" printed—their lines are broken and jagged. Use a magnifying glass and see for yourself the clear, distinctive line of SUPERIOR BRAND paper. The rubber off-set blanket gives a perfection of contact that the unyielding zinc of the "direct" process can never equal.

PERFECT PEN-EASE!

No blots—no sudden sputterings. And to a composer or arranger writing for several hours at a stretch, the smooth, easy-writing surface of SUPERIOR BRAND paper is a pleasant aid to uninterrupted work.

TOUGH!

Erases five times in the same spot—Try it!

Folds 500 times without breaking! Proved in actual tests—but you can try it yourself if you want to toughen your thumb!
